**musical performances**

**and more...**

*“For every breath we take today, we must pay homage for every step our ancestors have taken. Juneteenth stands as a reminder, a coattail pulling of sorts, to know it is our charge to continue to breathe, to take our next breath, to move forward and make manifest all that we must do to continue to empower our community. Let us keep in mind that Every Breath We Take, Do This in Remembrance... of our greatness as a people!”*

*— Professor Alicia Evans*

**Friday, June 19, 2020 • 5:00pm**
